Center for Academic courses,
Anna University,
Chennai

Respected Sir,

Sub: Submission of 2021-2022 feedback from various stakeholders related to our curriculum and syllabus-Reg.

We are grateful to Anna University for taking into account the majority of our earlier comments and putting them into the 2021- Regulations programme and syllabus.

We solicited feedback from our institution's stakeholders (students, teachers, alumni, employers, and parents) in order to improve academic quality and identify curriculum gaps based on industry expectations. The primary recommendations for curriculum and syllabus modification are stated below. We are delighted to bring this to your attention for further consideration in this regard.

Suggestions related to curriculum and syllabus:

1. Few recommended text books and reference books on new emerging fields are not available in the market. University e-content question banks are extremely beneficial to students' learning habits.
2. Include some relevant practical courses in the curriculum.
3. Expect some flexibility in course design as like as autonomous institutions.

Thanking You
